

SILVERSTREAM ALPACA STUD

New Zealand

WWW.ALPACA-STUD.CO.NZ

OUR HERD

The Silverstream alpaca herd comprises some of the best genetics from Peru, Australia, the USA and New Zealand. We have invested in top quality breeding stock with a prime emphasis on superior dams.

The Silverstream herd has around 250 alpacas with colours ranging from white, through light and dark fawn to grey and roan.

ABOUT US

Kit & Sheryl Johnson, together with our three children - Charlotte, Lloyd and Elliott, have been farming alpacas for ten years. We are passionate about alpacas and have travelled the world visiting farms and attending alpaca shows for many years.

Kit and Sheryl are both active members of the Alpaca Association NZ. Kit has spent six years on National Council. He is a former Vice President and is currently a member of the Show, Marketing & Promotions and National Alpaca Expo Sub-Committees. Sheryl is a member of the Breed Standards and National Alpaca Expo Sub-Committees.

Lloyd is a recently qualified New Zealand alpaca judge.

BED AND BREAKFAST

Kit and Sheryl operate two very comfortable bed and breakfast farm stay units. Each one is self-contained with two bedrooms, a kitchen, lounge and bathroom. We warmly welcome alpaca breeders from around the world - come and visit our picturesque stud and experience our personal kiwi hospitality.

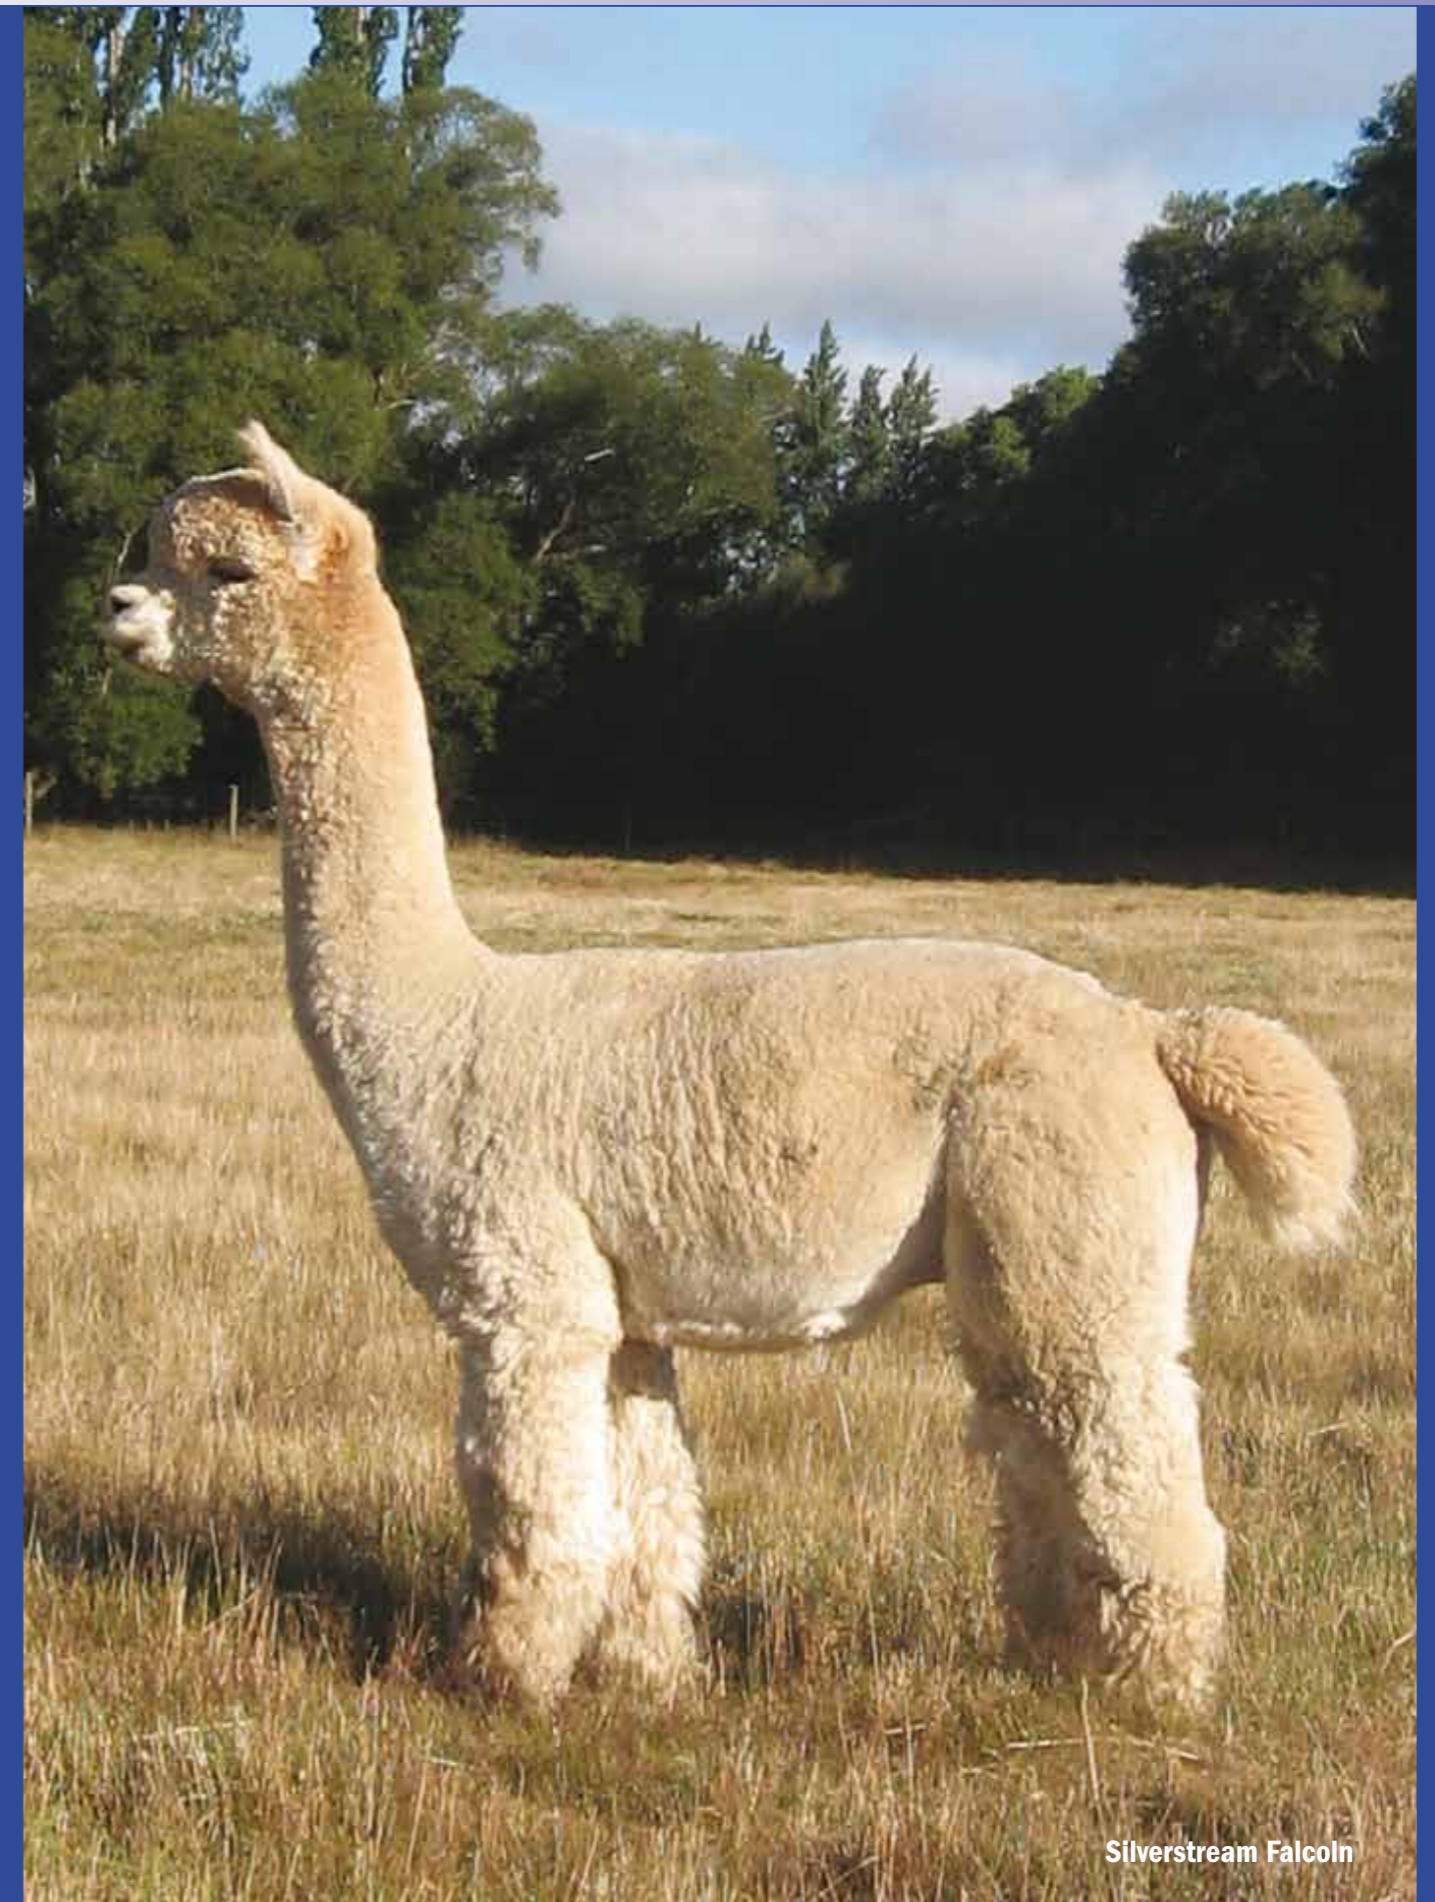

OUR HERD SIRES

Sires from some of the world's leading alpaca studs plus a selection of our own homebred supreme champion males complete our stable of quality herd-sires.

SHOW RESULTS

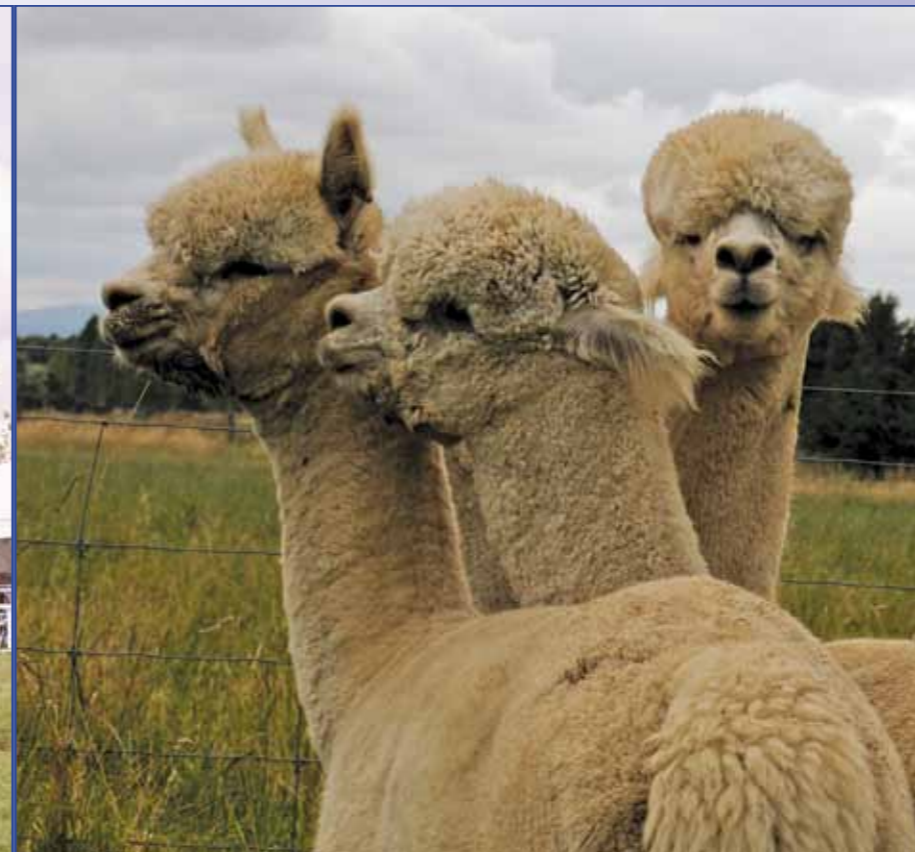

Silverstream has an unrivaled show record in New Zealand. Silverstream animals have consistently been awarded Supreme Champion Huacaya (both in breed and fleece) by international judges at many of the major shows.

Career highlights include:

- The only New Zealand Alpaca Farm to win the coveted Supreme Champion Huacaya title at the National Alpaca Expo three times in 2007, 2008 and 2009.
- The only New Zealand Alpaca Stud to win the Supreme Champion Animal in Show (New Zealand Royal 2007) beating all other livestock breeds including over 5,000 beef, sheep and horse entries.
- Winner of 25 Supreme Champion Huacaya Championships
- Winner of 95 Age Group/Colour Championships

Silverstream Czar

ANZAC ALPACAS

Silverstream run an alpaca herd in the UK in partnership with Dominic Lane under the stud name "ANZAC Alpacas". If you are unsure about importing alpacas from New Zealand, why not select an alpaca from our herd in the UK. When you visit ANZAC Alpacas, make sure you ask to see our multiple Supreme Champion, Silverstream Czar - the winner of ten New Zealand Supreme Championship titles. www.anzactalpacas.com

EXPORTS

Silverstream have the facilities and expertise to export animals anywhere in the world. We have exported approximately 200 alpacas to Europe and the UK in the last three years.

- Two licenced MAF approved quarantine facilities
- Export license issued by the NZ Ministry of Agriculture

New Zealand has very strict regulations concerning animal import and exports. All export animals are thoroughly tested by the Ministry of Agriculture to ensure they comply with the very strict European health requirements set out in each country's import protocol.

If you purchase animals from Silverstream, we will take care of all the documentation, airfreight and insurance. All you have to do is pay the relevant tax and collect your animals from their point of arrival in Europe. Your alpacas can be in Europe within six weeks from the time of purchase - it is that simple.

We have a wide range of male and female alpacas available to suit different price, quality and colour requirements. Packages can also be supplied - tell us what you are looking for - and we'll provide the options.

LOCATION

Silverstream Alpaca Stud is situated 20 minutes north of Christchurch International Airport and 30 minutes north of the city centre, with the closest town being Kaiapoi only four kilometres away.
